VIDEO PACKAGES

We are unique in offering our "Highlights Only" packages, as this is by far the most affordable way to get a professional video made of your big day - without the stress of a larger scale video production taking place. Alternatively, we do offer a larger package with full sound recording and multiple cameras.

HIGHLIGHTS ONLY PACKAGE: £899.00

Our most popular & affordable package by far.
4-5 minute highlight video of your day, set to beautiful instrumental music and colour graded with luxury colour tones.
No audio recorded, just a beautiful, short visual re-cap of your day to watch for years to come. The best bits!

Includes Drone shot of venue.

Includes x1 Videographer.

FULL PACKAGE (HIGHLIGHTS WITH CEREMONY & SPEECHES): £1,349.00

4-5 minute highlights video with the addition of an extra videographer (covering the groom's prep + extra angles).
Your ceremony and speeches will be recorded in full with sound, and delivered as separate files along with your highlights video.
